Important Announcements

Dear Sorority and Fraternity members,

After the delay with grade reports last quarter, I felt it was important to update the entire community of what happened and how we are working to expedite the process in the future. There was some transition in the Student Affairs Office of Technology (SAOT), and the staff member that our office worked with for the past few years no longer works there. This delayed the process but also created an opportunity to meet and discuss how to improve the process for the future. Based on those meetings, we have made a few changes.

First, we have changed the roster submission process:

- We are using Google Drive to facilitate roster updates quarterly; the process is outlined in an email you should receive this afternoon.

Secondly, we are working with our departments Computer Services unit to create a new report that will allow us to run our own grade reports.

- Although, we will still need the SAOT to input new members into the system, by OSFL being able to run our own reports we are hoping to be able to get grade reports to you faster in the future.

We sincerely apologize for the delay and we are doing whatever we can to ensure we get reports to organizations faster in quarters to come.

Interfraternally ,

Richard Ronquillo
